C/A1C Jonas Sanchez	585983 FL-804 Syl. 9 941-800-8579

This is the **FBO** (Harborside Aviation) at the **Punta Gorda**

Airport (PGD). The only entrance to **PGD** is **Viking Ave.** which takes you straight into it. Just as **Viking** starts to go left you turn off to the right to enter the parking area for the FBO. The door, to where we will be, is there under the green awning. You may park in the lot behind the bldg. even though it says you need permission to park there.

You must be in a **CAP** uniform of your choice to fly. Please bring a **CAPF 161** with your emergency information. I've attached a blank form that you can print and use. Use the one for your squadron **FL-051** or **FL-804**.

Also I have attached Syllabuses **6, 7, 8** and **9** that is taken from **CAPP 52-7**. This is what your pilot will be teaching you. Click on the attachment that is your **Syl.** and print it or read it.

Don't worry; your pilot is the one that is going to do all the demonstrating, showing and explaining not you. Just read it. Your pilot will usually ask you if you've read your syllabus.

1st Lt. Bob Krotzer 941-391-5473
