The mission of the SLA Renaissance program is to make recognition accessible for all students with focus on a sense of pride in academics and social achievements, continuous improvement, citizenship, positive behavior, strong attendance, and service for our community. Renaissance helps students reach their potential as we prepare them for democratic citizenship in our global society. Students have the opportunity to set their sights on a goal and learn how to set it into action and achieve their goals. Renaissance increases enthusiasm among staff members, highlights teamwork, and places emphasis on the importance of educators touching students' lives.

Please make checks payable to Student Leadership Academy.
