ACADEMIC PLACEMENT

The Student Leadership Academy offers intensive, standard and advanced curriculum with accelerated and gifted differentiation. All students will be placed each year academically based on an evaluated point system of previous grades, teacher recommendations and most recent standardized test results. Students must meet the score criteria to be placed in advanced subjects or have been successful in prerequisite curriculum. After initial placement, parents will be notified of any teacher recommendations for advancement based on beginning of the year assessments by mid-point of the first quarter.
